

# Are you a parent or carer of a child with CHARGE Syndrome?

## Behaviour In Charge Syndrome Online Questionnaire Study

### What is the study about?

Looking at a range of behaviours, skills and impairments in CHARGE syndrome. Repetitive behaviour, hyperactivity, mood, challenging behaviour, social functioning, sleep and health. It also ask some questions about family well-being and the impact that having a child with a disability has on the family.

### What will I need to do to take part?

Complete a set of online questionnaires. This will take around 45 minutes.

### Can I participate?

If you are a parent/carers/guardian of a child with CHARGE syndrome aged between 4 and 15 years.
